Parent survey: Remote Learning

As a Trust providing the best online learning for all pupils is paramount. We want to ensure every child is receiving the education they deserve. In order to help us achieve this, please fill out the survey below to tell us how you are finding remote learning so far. <https://bit.ly/3pxhmEW>

Keeping your child safe online

Internet safety for our children is very important, especially as we continue to study online. National Online Safety make it their mission to make the internet a safer place for children. They want to equip all parents and children to understand online dangers and the best ways to respond if an incident occurs. To do this they have created a free online app that you can download on your digital device. The app includes guides and top tips on a range of platforms.
