THIS WEEK'S WINNER

Jupiter - Evie-J S & Ebony S

Mercury - Mira K.

THIS WEEK'S WINNER

Mars - Jacob B & Edie B

Saturn - Leela-R W

IT support

Over the last two weeks we have offered IT drop-in sessions to help parents and children get use to online learning. These have been successful and we have been able to answer every IT question. As we are now a few weeks into online learning, these sessions will no longer continue. If you do need IT support as remote learning continues, please contact your class teacher.

Trinity Academy St Peter's Awards

Earth - Harry W. For some super maths work this week.

Mars - Finn B. For trying his hardest both at home, in school and being a fantastic friend and role model.

Saturn - Jayden S. For trying really hard to complete his online activities as well as joining in with some of our live lessons.

Jupiter - Loucas R-D. For showing honesty, bravery and resilience this week, especially in his phonics challenges.

Mercury - Megan H. For completing her work to a really high standard.

Venus - Vanessa P. For submitting all work to an excellent standard.

Option Time

We would love to see the fantastic things that your children are doing during Option Time. Please send pictures to your child's class teacher so that we can share with others to motivate and inspire them. Remember that your child will get an Achievement Point for every piece of work they do and they might be chosen for the Option Time star of the week!

Language Learning

Learning a foreign language is an enjoyable part of the primary curriculum and starts to lay the foundations of many important life skills. Parents of pupils in Year 2 onwards will be aware that we have previously taught French to our pupils and, from 8 February, we are excited to offer our pupils Spanish language lessons. We know that changing the main language learned will help pupils build their confidence as they acquire a whole new repertoire of vocabulary and conversational skills.

Social Distancing

Unfortunately we are hearing a number of pupils explaining that they are not following the national restrictions which have led to the need to reduce attendance at school. The rates of transmission in Calderdale remain a concern and we must work together to keep ourselves and others safe. Parents and carers with a child in school should know that a failure to follow the national guidelines will result in the closure of their child's place.
